What is the POPI Act?

The **Protection of Personal Information Act (POPIA)** is South Africa's comprehensive data protection law. It seeks to uphold the constitutional right to privacy while balancing this with other rights and interests—particularly the right to access information.

1. Marketing, Achievements, and Media Consent

As students spend most of their day at school, we believe it is important to keep parents involved in their children's school life, including their academic and extracurricular achievements.

In line with POPIA and other applicable legislation, our Legal Department has advised that **explicit consent** must be obtained from a parent or guardian before any photographs or videos of a student may be published. This includes images or footage related to academics, sports, or cultural events, and applies to any form of media—such as newspapers, magazines, Facebook, or the school's website.

Please rest assured that **The Academy for Christian Education** takes great care in selecting and publishing media, and **will never share any image or video that could be harmful, insulting, or belittling toward a student**.

⚠️ **Important**:

If you **do not wish to grant permission** for your child's image or video to be published, it is your responsibility to **inform the class teacher and/or sports coach in writing**.

2. Debt Collection Policy

It is the responsibility of the parent or account holder to ensure that school fees are paid in full and on time.

Please note that **if your account falls into arrears**, your information may be handed over to a **registered Debt Collection Agency** appointed by The Academy for Christian Education. In such cases, you will be **notified via phone call or SMS** prior to the handover.

Kind regards,
The Academy for Christian Education
